

2027

ENGLISH (DBE) SCHOOLS

Teenactiv, is offering English (DBE) high schools one of **THREE** options for 2027:

OPTION 1 2027 Subscription Package (R4495/school)

- This option is referenced in the first column of the table on page 2.
- Available for LO teachers only.
- Access to all Gr8-12 LO lessons and Tasks on the Teenactiv website (including everything to be published in 2027).
- Subscription runs till 31st December 2027, irrespective of when school joins.
- Select Contact Us on the Teenactiv website for a quotation and/or to obtain further information via email.
- The FAQ section on the Teenactiv website also provides helpful answers to Frequently Asked Questions regarding membership and content.

OPTION 2 2027 Hardcopy Books & 2027 Subscription Package

- This option is referenced in the middle column of the table on page 2.
- To purchase 2027 hardcopy books, a school needs to pay its 2027 Subscription Fee.
- A list of book prices and their ISBN numbers are available on page 3 (including the R20/book Early Bird Discount).
- Each book option (i.e. Learner Workbooks, Textbooks and Study Guides) is explained in detail on pages 4 to 9.
- All aspects of the ordering process, purchasing, FREE delivery and ongoing support related to the hardcopy books, are covered in the Frequently Asked Questions from pages 10 to 12.

OPTION 3 2027 Electronic Books (e-books) & 2027 Subscription Package

- This option is referenced in the far-right column of the table on page 2.
- To purchase 2027 e-books, a school needs to pay its 2027 Subscription Fee.
- A list of e-book prices and their ISBN numbers are available on page 3.
- e-books are only available on the Snapplify.com platform.
- e-books are the electronic equivalent of the hardcopy books. Refer to the hardcopy books for additional information regarding each book option.
- More information on e-books is provided on page 13.

FREQUENTLY ASKED QUESTIONS

(HARDCOPY 2027 BOOKS)

- **What is the minimum number of books my school would need to order?**
Minimum first order of 120 books per school. The Study Guide option (additionally) requires a sub-minimum order of 80% of learners per grade. Concessions are made for smaller schools.
- **How many books per grade does my school need to order to qualify for the FREE Teacher Guides?**
One FREE hardcopy Teacher Guide (in Full Colour) is provided for each grade where a school has purchased over 30 books for that grade. A FREE electronic copy of the Teacher Guide is also then available via Snapplify.com (if your school is a member of Snapplify).
Our intention is to provide every teacher in your LO Team with a FREE hardcopy Teacher Guide for the LO grades that they teach. However, if a school only orders 30 books for a grade, then it's impossible that the school would require three Teacher Guides for that grade. Concessions are made for smaller schools.
- **What other support material is provided to LO teachers apart from the Teacher Guides?**
We provide a **PowerPoint Folder** (via WeTransfer) – which contains a copy of all the PowerPoints referenced in the lessons of the books ordered. Thus, a teacher merely requires the Teacher Guide and the PowerPoint Folder to teach.
We also provide **PDF Revision Questions MEMO** and **PDF Worksheet MEMO** or **PDF Activity MEMO** documents for each grade. These can be shared with learners for self-marking and revision/study purposes when appropriate.
- **How does my school go about getting a Quotation?**
Merely email us the quantities per grade, the book type (e.g. Learner Workbook) and whether the school has chosen the Greyscale or Full Colour option. Alternatively, the relevant **2027 Order Form(s)** can be completed and emailed to us.
- **What do we need to do once we have received the Quotation?**
The issued **Quotation** serves two purposes:
a) It confirms the details of the order (ISBN, quantities per grade, price) for your school.
b) It is the reference document used for the school to pay its R5500 deposit to secure its book order.
Only once the R5500 deposit has been paid, is the school's book order locked in.
- **Why is there a discount if we order and pay the deposit before the 15th September 2026?**
The first print run will commence on the 17th September. All schools that have submitted their quantities by then and paid their R5500 deposit, will receive the benefit of us printing in bulk. All orders submitted after 15th September, will unfortunately be charged at full price.
- **Do schools that order the 2027 Teenactiv books also need to pay their 2027 Subscription Fee? By when would the 2027 Subscription Fee need to be paid?**
Only member schools are able to purchase the 2027 Teenactiv books. Thus, all member schools that would like to order books would need to pay their 2027 Subscription Fee. However, this 2027 Subscription Fee payment can be made any time before 20th January 2027. It does not have to be made before ordering or receiving the 2027 books.

- **If our books are printed in September, by when do we need to receive delivery?**
Schools get to choose when they would like to receive their delivery. It can be any time from 26th October 2026 onwards till early February 2027. Ordered books are stored with the printers till required – there is no charge. Please let us know your preferred date for the books to be delivered to your school address.
- **How is the delivery of the books arranged, and is there a cost involved?**
All books are delivered directly to your school address on the date requested. This is a FREE service, there is no delivery fee. Schools are contacted the week prior to confirm the physical address, delivery day and time.
- **When do we need to make payment for the books?**
We appreciate that different schools have different payment preferences. All payment options (e.g. upfront, upon delivery, installments, from late January) are available. Please indicate your preference.
- **Are the FREE Teacher Guides provided as a separate delivery?**
The Teacher Guides will only be available from early-November onwards. They will be delivered separately from the ordered books. In mid-October, we will contact each school to determine the number of FREE Teacher Guides required per grade.
This number is dependent on the number of LO Teachers assigned to each grade and how many books were ordered for that grade. We would like each teacher to have their own Teacher Guide for the LO grades they teach. A FREE electronic copy of the Teacher Guide will also then be available via Snapplify.com (if your school is a member of Snapplify) from 1st November 2026 onwards.
- **What if we need to order additional books in 2027 for new learners?**
Additional books can be ordered any time throughout 2027. Merely send us an order request. There is no minimum quantity requirement. These books will be charged at the full price. FREE delivery is included as long as this arrangement is not abused. Books usually reach schools within six working days of the order being placed (if not sooner).
- **If our school purchases the 2027 books, can we order additional copies in 2028 and 2029?**
Yes, all artworks remain available. A school merely needs to specify in its order that it would like the 2027 version. E.g. If ordering an additional ten 2027 Greyscale Learner Workbooks in 2028, the price per book will be the same as the full price of the 2028 Greyscale Learner Workbook.
- **Why should our school choose the Teenactiv books for 2027?**
Every school's situation is unique. However, we find a common trend is that the textbooks many schools currently use are now out of date. The number of topics in these books that need to be supplemented with additional information has become extensive.
Furthermore, the Teenactiv books include Revision Questions at the end of each topic, allowing learners to practice with the type of questions they can expect in the exams.
Additionally, many LO departments include non-LO specialists. The Teacher Guides and PowerPoint Folder allow these teachers to feel empowered and teach the lessons well.
Having a Life Orientation book, gives learners structure to their LO lessons and allows them to still cover the lesson material even if class is missed. Furthermore, it makes studying/revision easier as all the information and notes are in one book.

→ Is everything in the books also available on the Teenactiv website?

No. The Revision Questions at the end of each topic are ONLY available in the books. The Revision Questions are specially selected questions from past Teenactiv Controlled Tests and Examination Papers to expose learners to the different types of questions that could be asked for each topic.

→ Which book is the most popular?

- **The Learner Workbook (Greyscale)** is definitely the most popular. Its price (R199/book) and that it contains everything – makes it a great value for money option. Please refer to the Lesson example and Teacher Guide example in the 2027 Sample Book (p1-37 & p39-115).
- **The Learner's Book (Textbook)** is a new addition. Being a textbook, it is only available in Full Colour (which makes it more expensive – R219/book). Available for Grades 8 to 12. It is a proper textbook and adheres to all the requirements and guidelines to be categorised as a textbook. Please refer to the Lesson example and Teacher Guide example in the 2027 Sample Book (p117–142 & p143–178).
- **The Study Guide** has been added as an option for those schools that would like flexibility regarding their lessons but want the Content Summary and Revision Questions per topic for learners to study and practice. Only available in Greyscale, it is the most affordable option at R189/book. However, the Study Guide option requires a sub-minimum order of 80% of learners per grade and only comes with the **PDF Revision Questions MEMO** (i.e. no Teacher Guide, no PDF Worksheet MEMO, no PowerPoint Folder). Please refer to the Lesson example in the 2027 Sample Book (p179–194).

→ Is the material in the Teenactiv books completely CAPS aligned and follow the ATPs for Life Orientation?

All our material is completely aligned with CAPS and the latest ATPs. All our Revision Questions and Marking Guidelines follow the 2021 Examination Guideline. Our content development team is ready should there be any potential changes to either the ATPs or the Examination Guideline for 2027.

→ How can a school check the content that will be in the 2027 books regarding any particular topic?

The Teenactiv books are a compilation of the latest Teenactiv lesson for each topic that has been published on the Teenactiv website. Thus, any interested school can easily check that every topic is covered by visiting the Teenactiv website for any particular grade.

Furthermore, member schools can access and download any lesson from the Teenactiv website. By doing so, they can effortlessly review what will be in the Teenactiv books.

Please note: Lessons are enhanced and their formatting improved during the book development process ... but the majority of each lessons' content will be the same as in the version on the Teenactiv website. For the Gr8 to 12 Textbooks, the lessons have seen extensive formatting changes to bring them in line with guidelines for textbook content.

Each lesson in the Teenactiv books is followed by Revision Questions. These Revision Questions are not available on the Teenactiv website.

→ How does Teenactiv go about developing its lessons?

Please refer to the FAQ on the Teenactiv website.

- **Digital PowerPoints Folder** featuring all PowerPoints for lessons covered in the e-books per term (Term 1, 2, 3 & 4).
- Digital Gr8 to 12 **Revision Questions MEMO PDF** and **Worksheet MEMO PDF** or **Activity MEMO PDF** documents – to share with learners at end of Term 2 or Term 4 for self-marking and revision purposes.

Ts & Cs:

- Minimum first order of 120 books per school. Smaller schools are welcome to contact Teenactiv to arrange a special concession.
- School needs to subscribe to Teenactiv for 2027 to be eligible to order the 2027 e-books on the Snapplify.com platform. The 2027 Subscription Fee payment can be made separately, any time before 20th January 2027.
- Minimum of 30 e-books need to be purchased per grade to obtain the FREE electronic Teacher Guide for that grade. Smaller schools are welcome to contact Teenactiv to arrange a special concession.

NEXT STEP:

Contact **Thanaa Moosa** (help@snapplify.com) to determine whether your school is already a member of Snapplify.com and/or to be guided through the ordering process.

Alternatively, contact us via the Teenactiv website or email carstengertz@teenactiv.co.za.
